

ROVE

Product Brochure

www.rovewheelchairs.com

A black and white photograph of a person in a wheelchair moving away from the camera on a paved walkway. The person is wearing a dark jacket. In the background, there is a dense urban skyline with various skyscrapers. To the left, there is a metal structure that looks like a bridge or a walkway railing. The overall scene is in grayscale, emphasizing the architectural and human elements.

ROVE Wheelchairs. Engineered for you.

Using advanced, aerospace-grade materials and technologies, the ROVE wheelchair is strong and ultra-lightweight.

The 3D printed titanium and carbon fibre enables each wheelchair to be custom fitted to your body. Millimeter perfect.

ROVE

A black and white photograph of a man in a wheelchair, viewed from the side, moving through a factory or workshop. The background is blurred, showing industrial equipment and another person. The text 'A chair that's all about you.' is overlaid on the left side of the image.

A chair that's
all about you.

Your wheelchair should be an
extension of your individuality.
Our unique manufacturing process
provides complete customisation.

ROVE

Cutting-Edge Technology.

The world's first 3D printed wheelchair.

All ROVE wheelchairs are made using 3D printed titanium (additive manufacturing).

This process allows us to create strong, lightweight parts while still being completely customisable.

ROVE

More Strength. Less Weight.

Using high powered lasers we are able to melt titanium powder into extremely precise forms.

This process allows us to create exceptionally strong wheelchair components while removing all unnecessary mass.

ROVE

Australian Designed & Manufactured.

All ROVE wheelchairs are proudly designed and handmade in Melbourne, Australia.

This allows us to tightly control the manufacturing process enabling industry-leading delivery times and exceptional after sales support and service.

ROVE

A New Era.

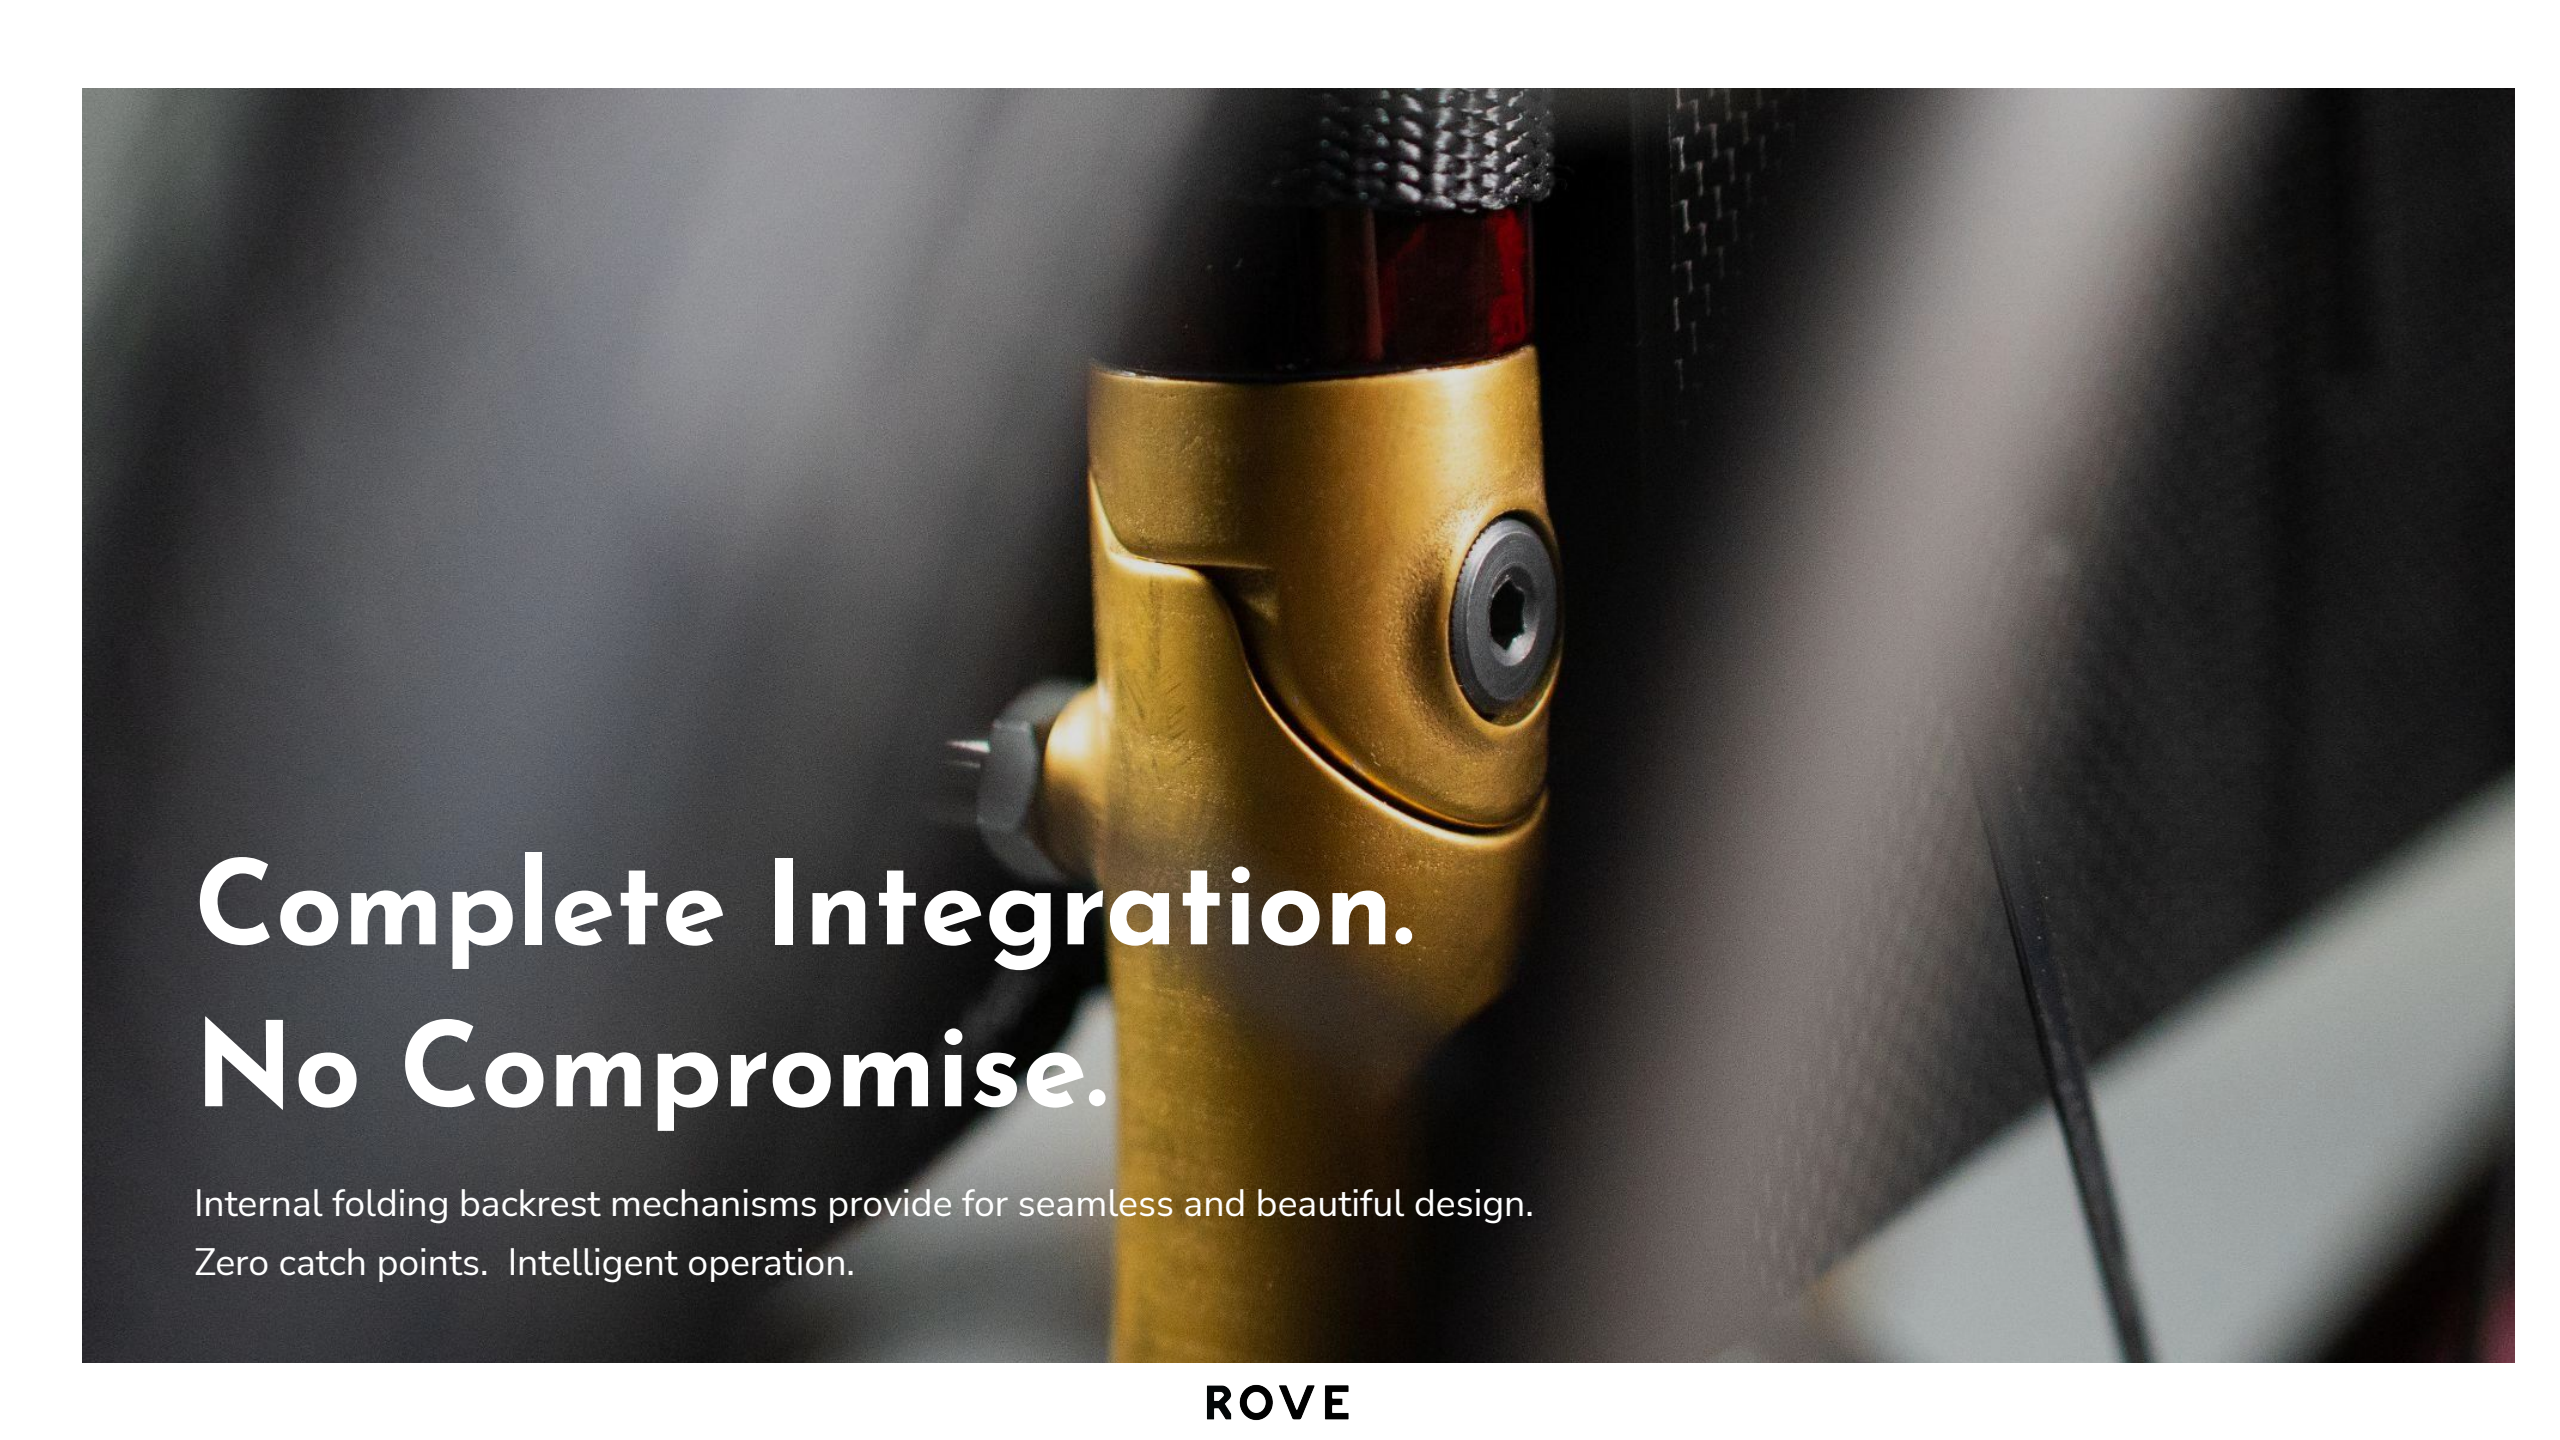

ROVE

Complete Integration. No Compromise.

Integrated brake componentry allows for seamless and beautiful design.
Precise engagement. Zero extra mass.

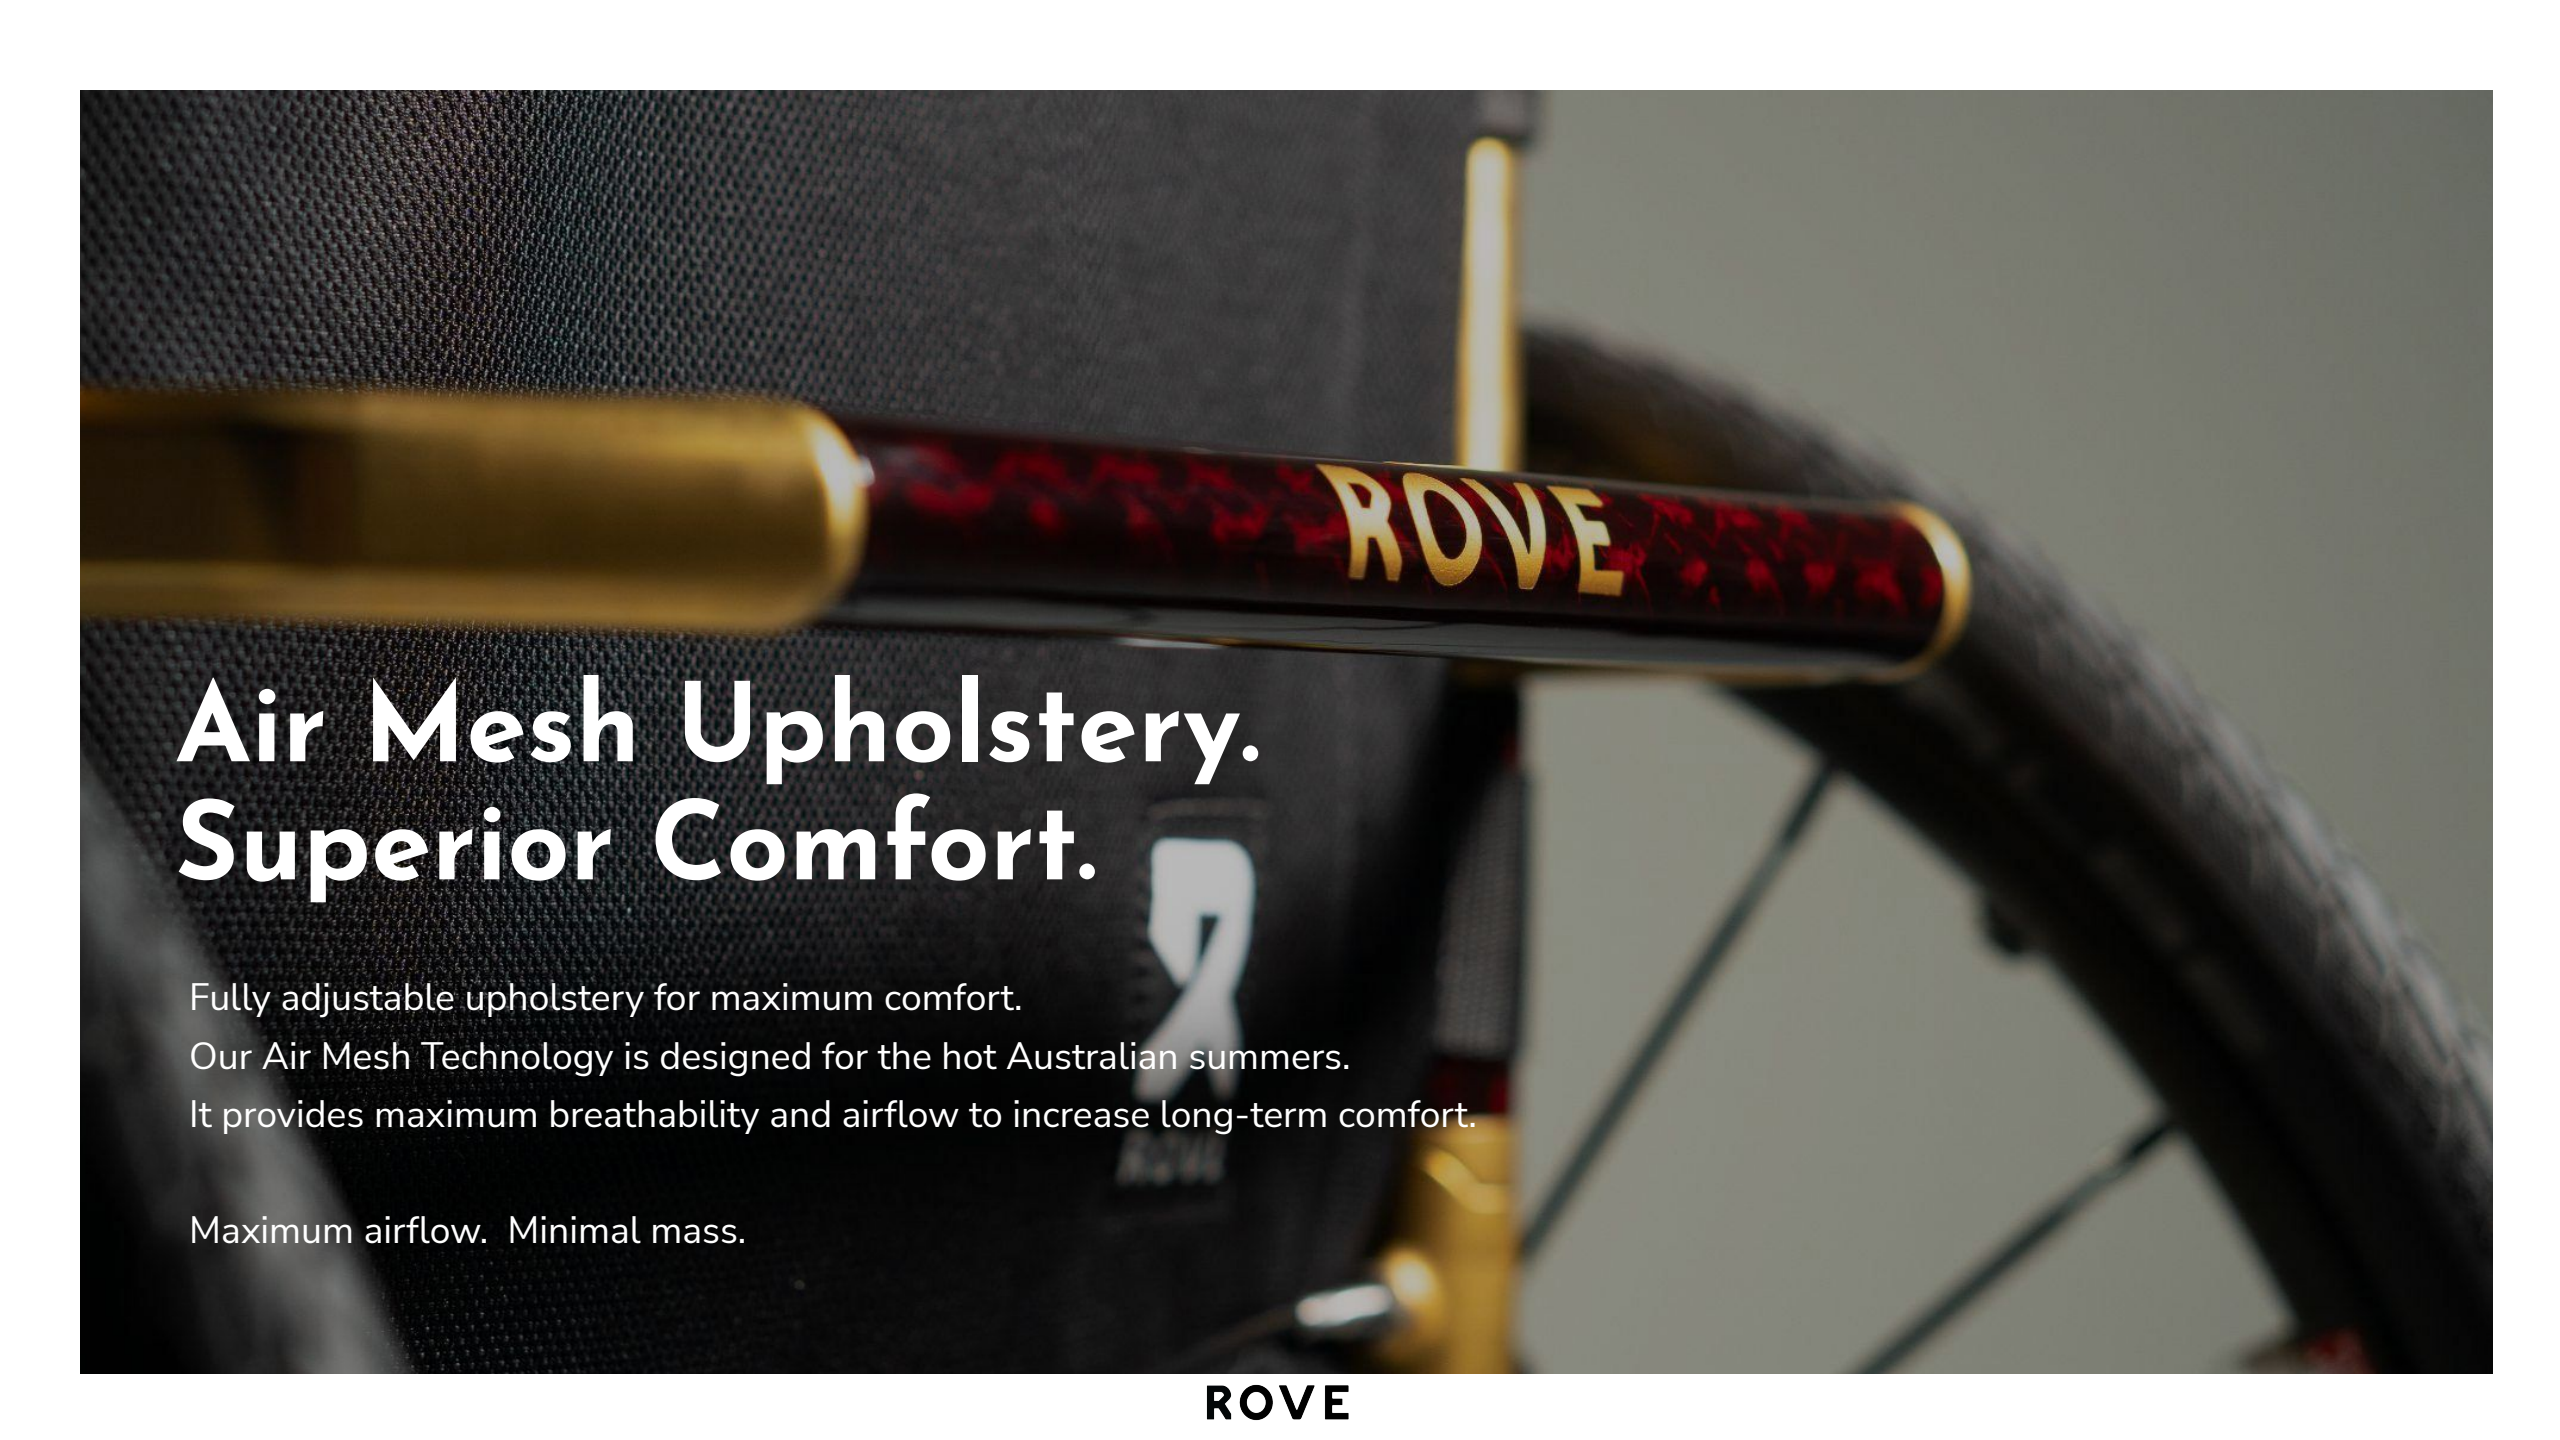

ROVE

A close-up photograph of a gold-colored mechanical component, likely part of a chair's internal folding backrest mechanism. The component has a cylindrical shape with a visible screw head and a red cable or hose attached to it. The background is dark and out of focus.

Complete Integration. No Compromise.

Internal folding backrest mechanisms provide for seamless and beautiful design.
Zero catch points. Intelligent operation.

ROVE

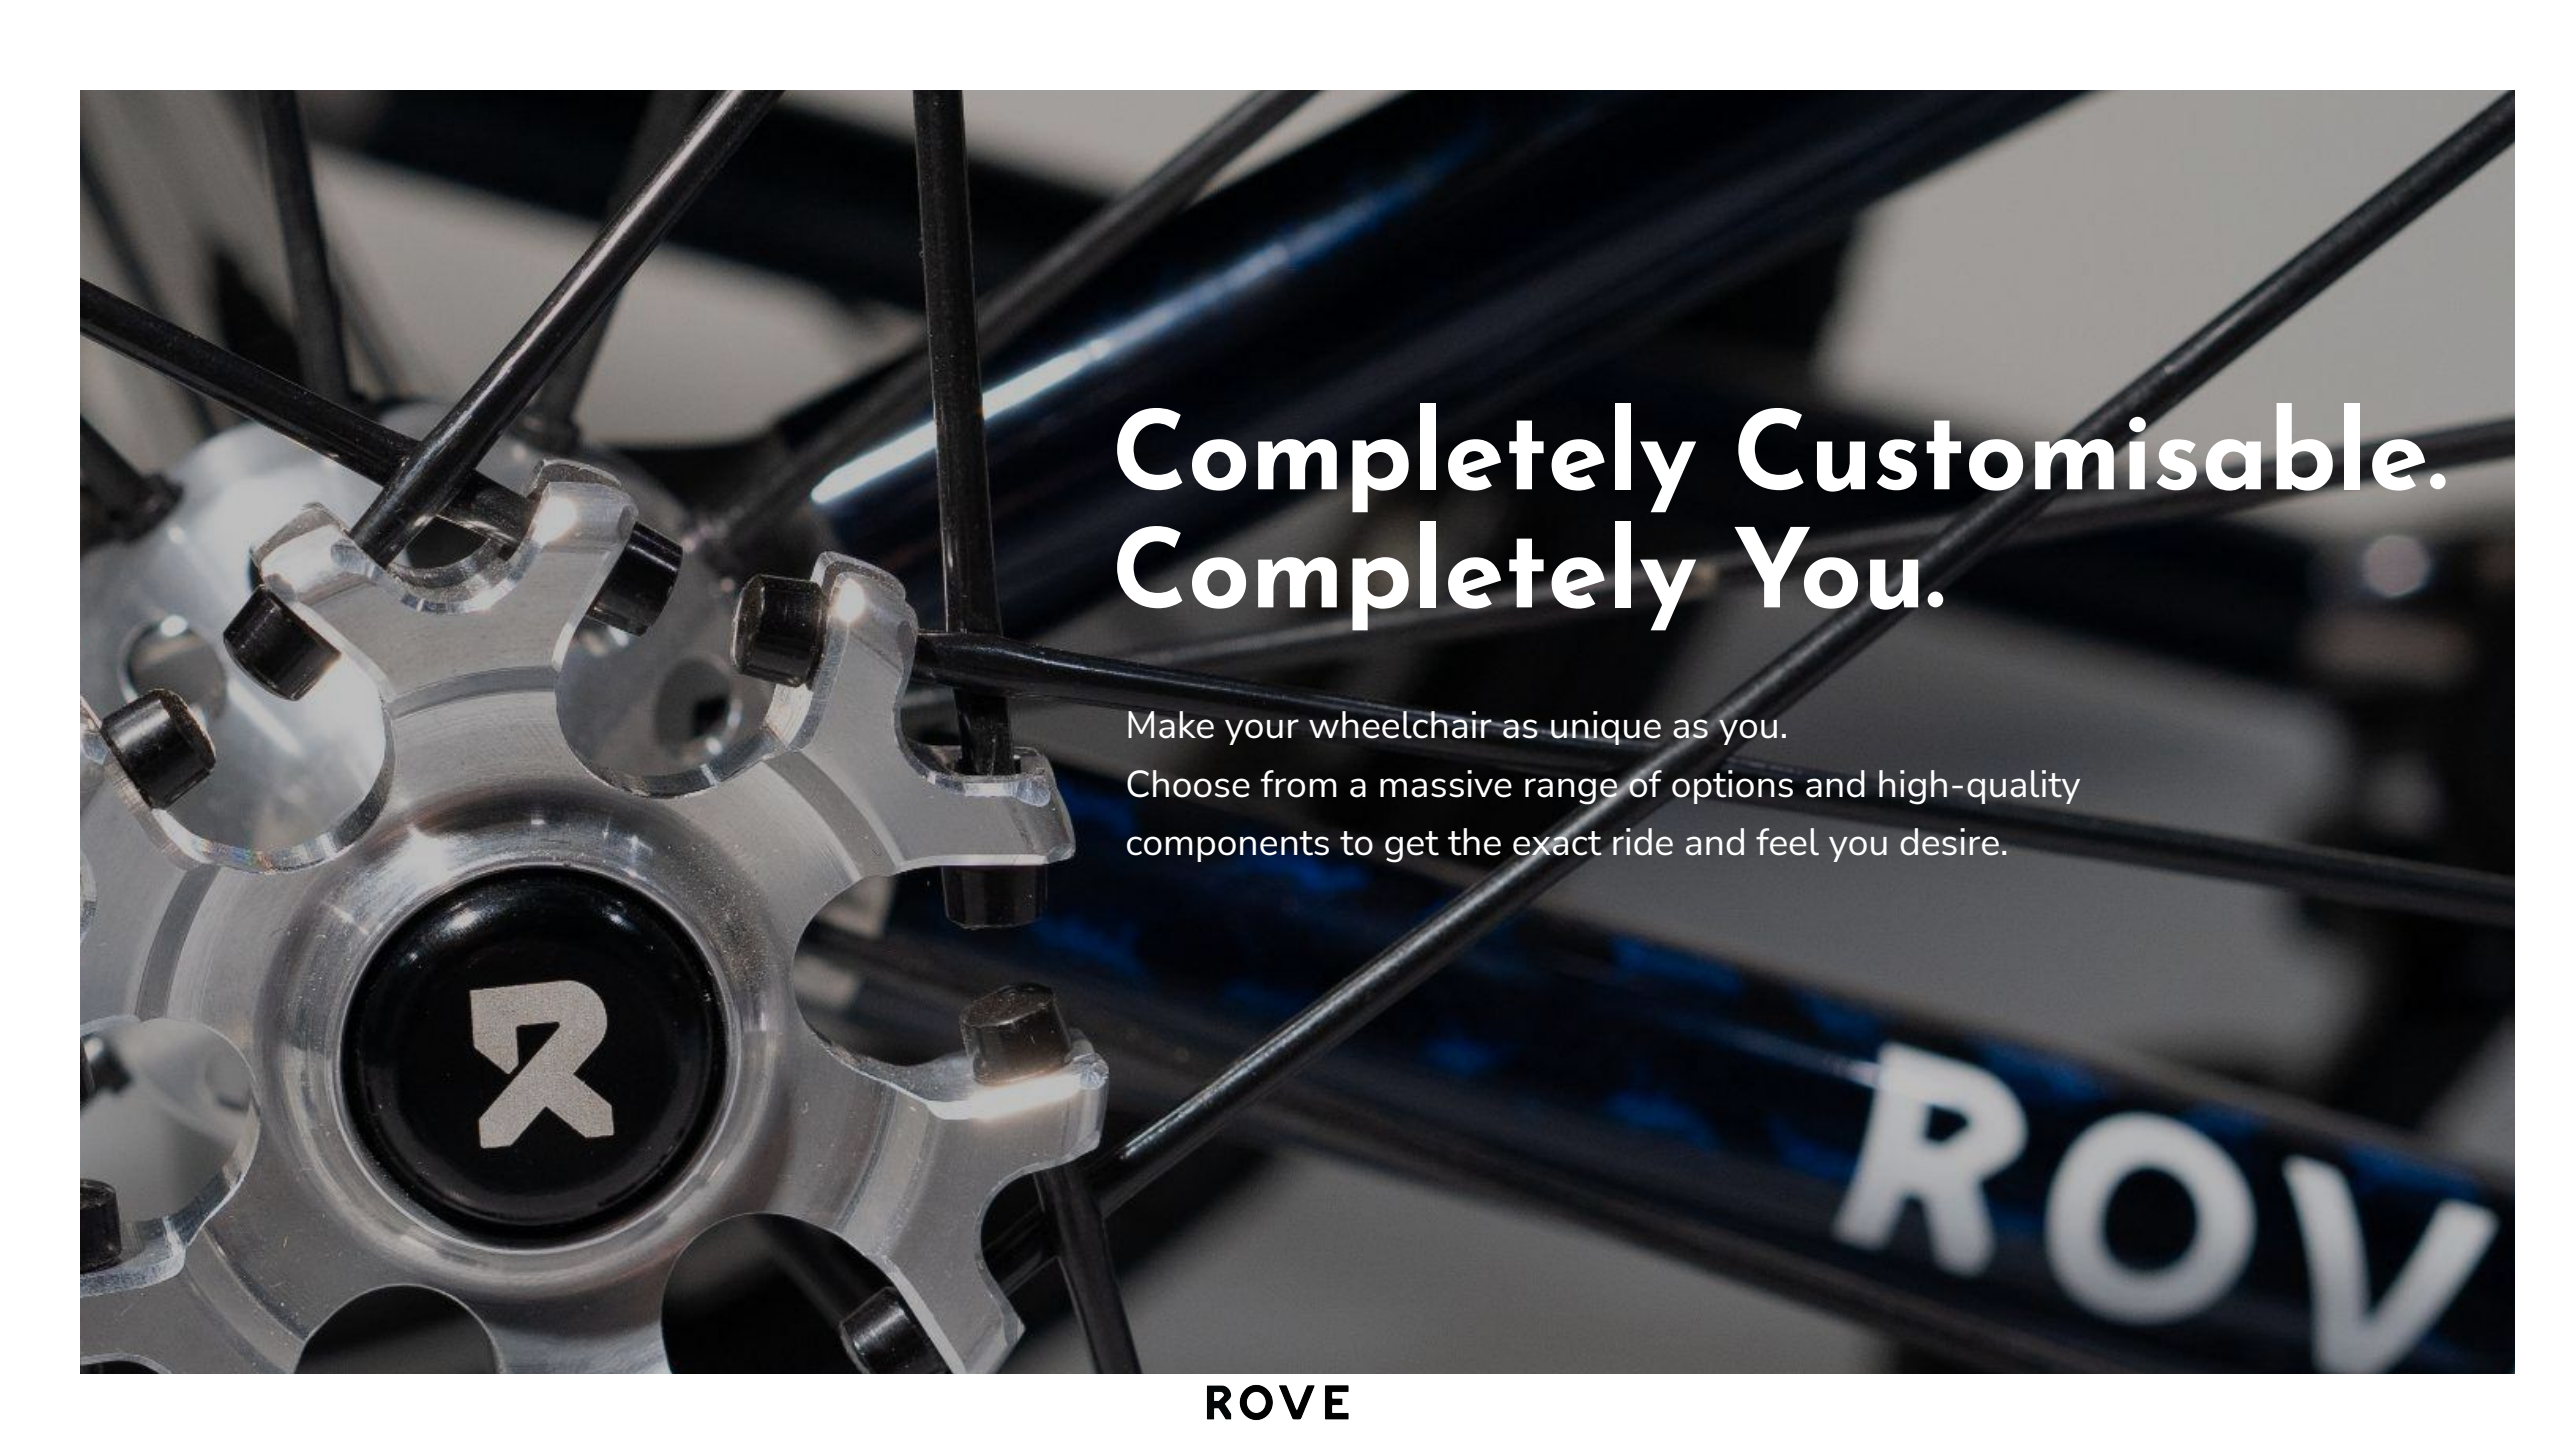

Air Mesh Upholstery. Superior Comfort.

Fully adjustable upholstery for maximum comfort.
Our Air Mesh Technology is designed for the hot Australian summers.
It provides maximum breathability and airflow to increase long-term comfort.

Maximum airflow. Minimal mass.

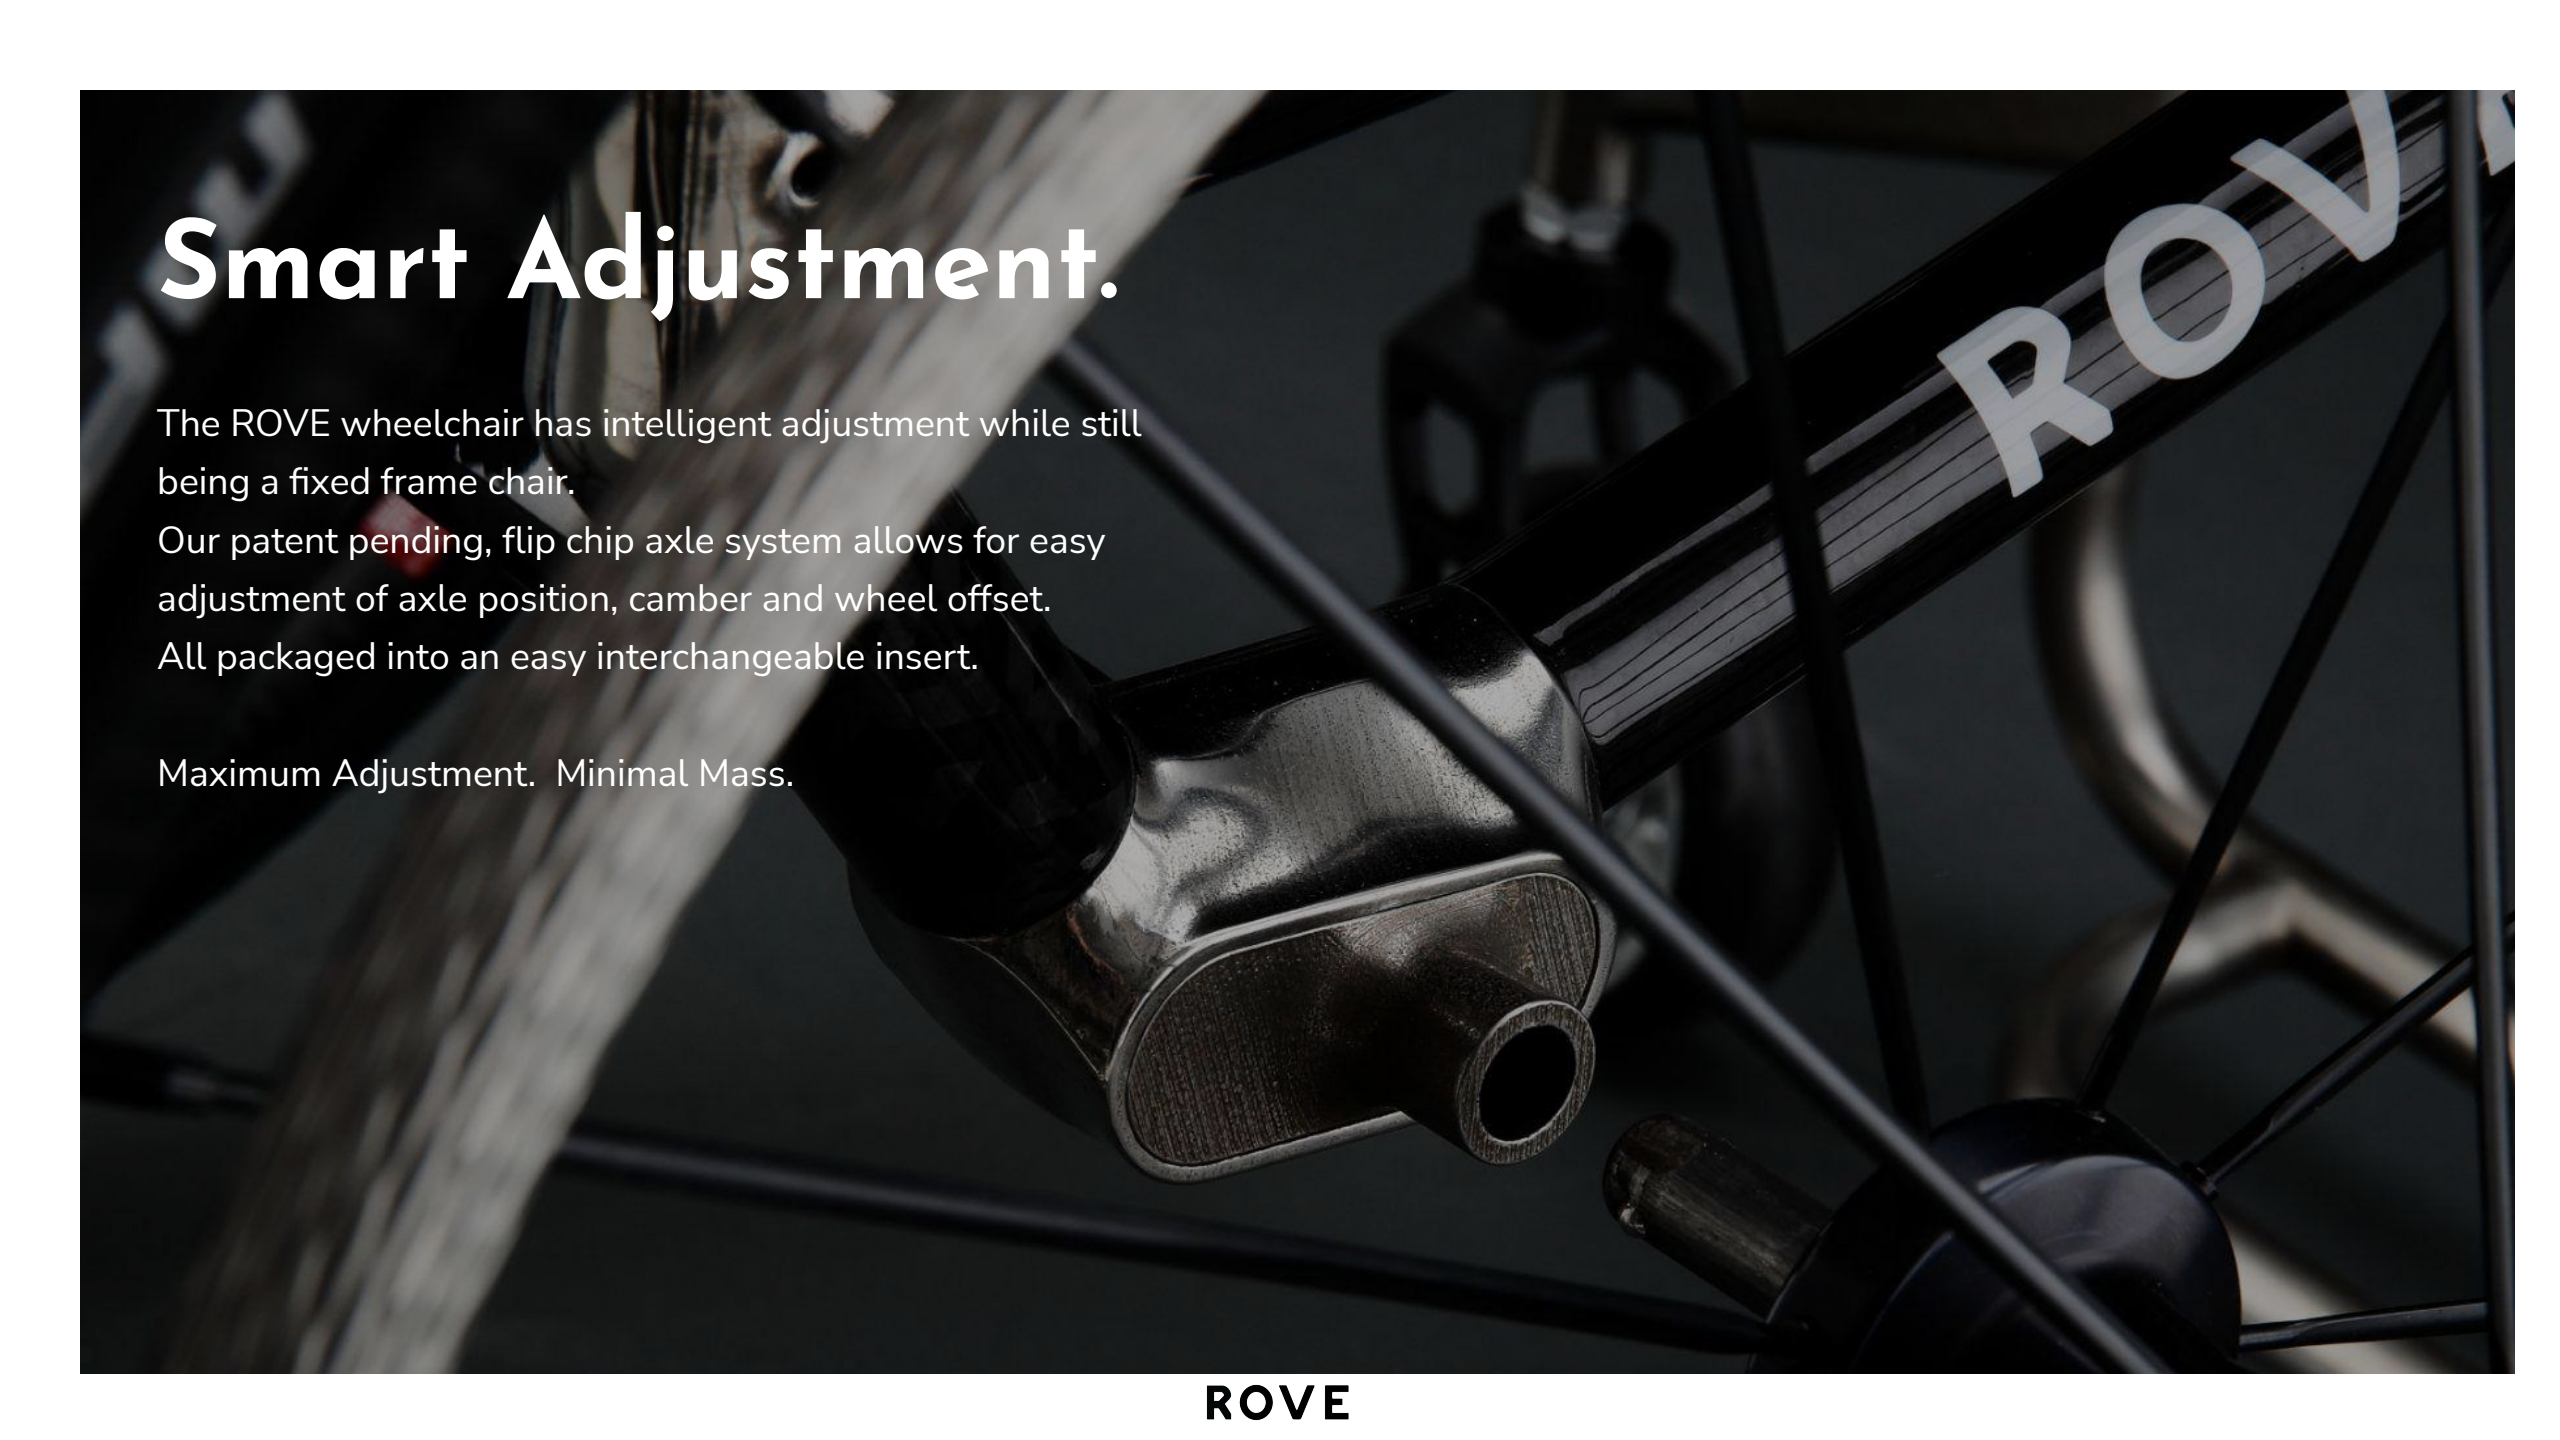

ROVE

Completely Customisable. Completely You.

Make your wheelchair as unique as you.
Choose from a massive range of options and high-quality
components to get the exact ride and feel you desire.

ROVE

A close-up, high-contrast photograph of a wheelchair's frame and axle assembly. The frame is black with the word "ROVE" in white, bold, sans-serif capital letters. The axle is a polished metal tube. A complex metal bracket, part of the "flip chip axle system," is attached to the frame and axle. The background is dark and out of focus, showing other parts of the wheelchair.

Smart Adjustment.

The ROVE wheelchair has intelligent adjustment while still being a fixed frame chair.

Our patent pending, flip chip axle system allows for easy adjustment of axle position, camber and wheel offset. All packaged into an easy interchangeable insert.

Maximum Adjustment. Minimal Mass.

ROVE

3 Difference Experiences. 1 Common Goal.

We are a paralympian and long-term wheelchair user, an engineer who has spent time in a wheelchair and a father of a wheelchair athlete.

Each founder has a unique story that unites us.

Together we are committed to manufacturing a fully customised, ultra-lightweight wheelchair to suit your individual lifestyle.

ROVE

ROVE

A close-up photograph of a bicycle wheel and frame, featuring a black tire and a metallic frame with a rainbow-colored stripe. The image is heavily darkened with a black overlay. Centered in the middle of the image is the email address 'info@roviewwheelchairs.com' in a white, sans-serif font.
