

AREACARE RANGE

A comprehensive range of static foam pressure relieving surfaces designed to maintain skin integrity and help prevent pressure injury, while delivering maximum comfort

AreaCare Range

As specialists in the supply of pressure care and manual transfer equipment solutions designed to help prevent pressure wound and skin integrity issues, Novis support a range of clinical healthcare products designed for hospitals, aged care facilities, rehabilitation providers and the home care community.

With a long history delivering effective pressure care management solutions, we are committed to delivering successful patient outcomes through product innovation, professional collaboration and clinical excellence.

Our product portfolio has been engineered with the goal of enhancing the comfort and safety of patients; reducing the time and concerns of care staff; and improving clinical outcomes for care facilities.

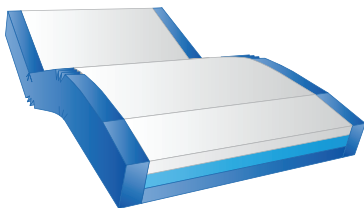

AreaCare Optimum

- ~ Castellated, multi-density, three layer, zoned design for maximum comfort
- ~ Immersive memory foam top layer
- ~ Hinged side walls which aid bed profiling and help prevent falls
- ~ Heel slope zone for localised pressure care
- ~ Available in soft or firm

Available in
Soft or Firm

	SINGLE	KING SINGLE
SOFT	BSPS6003-S	BSPS6003-KS
FIRM	BSPS6005-S	BSPS6005-KS

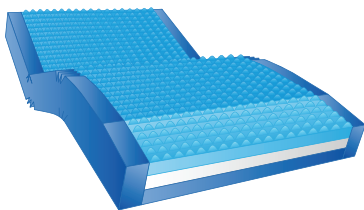

AreaCare Premium

- ~ Multi-density, three layer, zoned design for maximum comfort
- ~ Immersive memory foam top layer
- ~ Hinged side walls which aid bed profiling and help prevent falls
- ~ Heel slope zone for localised pressure care
- ~ Available in soft or firm

SOFT	BSPS6004-S	BSPS6004-KS
FIRM	BSPS6002-S	BSPS6002-KS

AreaCare Comfort

- ~ Castellated, high resilience non memory foam top layer for long term use
- ~ Memory foam heel section for maximum focused immersion
- ~ Hinged side walls which aid bed profiling and help prevent falls
- ~ Heel slope zone for localised pressure care

	SINGLE	KING SINGLE
CODE	BSPS6001-S	BSPS6001-KS

AreaCare Extension

- ~ 200 mm extension for beds with sleeping platform extension
- ~ Memory foam top layer provides additional pressure relief under 'at risk' heel zone

	SINGLE	KING SINGLE
CODE	BSPS5400	BSPS5401

A comprehensive range with extensive features to offer optimum care and comfort

Multi-density foam layers for maximum strength and comfort – made from premium material, each foam layer is made of varying densities to maximise the redistribution of pressure.

Top Cover

Latex free, multi-stretch polyurethane coated top cover for reduced shear and friction. Vapour permeable, bacteriostatically treated, fire retardant and water resistant. Double-layered waterfall skirt provides protection from moisture ingress.

Cover includes an asset management panel and all relevant TGA required information.

Top Layer

AreaCare Optimum

Features a castellated memory foam top designed to enhance pressure redistribution and articulation with movement.

AreaCare Premium

Memory foam top layer that foam contours to the body's shape, promoting even pressure distribution.

AreaCare Comfort

Features a castellated non memory foam top layer with higher resilience, allowing for easier repositioning.

Infection Control

Top cover seams are welded and/or tape sealed for maximum infection control.

All models feature a double-layered waterfall skirt to direct fluids away from mattress base.

Inner Cotton Cover

Foam covered by a removable inner cotton cover for added foam protection and reduced shear.

Support Layer

High resilience foam in soft and firm formulations to support different comfort preferences.

Hinged Base

Six hinge system to conform to profiling beds and enhance mattress flexibility.

Core Layer

Firm core layer and edges provide form, strength and stability for maximum safety and reduce risk of falls.

Side Bolster

All models feature a side bolster to provide a firm surface for reduced risk of falls when sitting on edge of mattress.

Base Cover

Hard-wearing, welded and water resistant base cover material with 360 zipper for easy removal and two carry handles per side.
